

MicroBlue™

3 year warranty

Performance

17dba

Max flow	Max head	Max suction lift
5 litres/hour	5 metres	2 metres

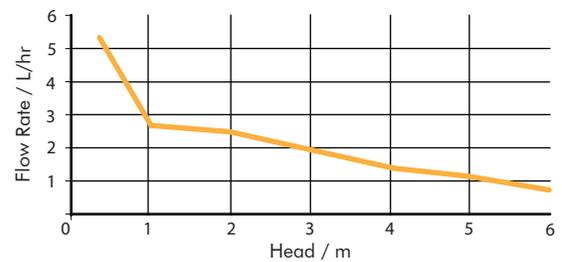

With no additional silencing accessories required, not only is the MicroBlue™ a silent running pump but it can also be mounted in any orientation whilst operating both wet and dry continuously. The MicroBlue™ is a dual voltage pump which uses proven thermistor level sensing technology to remove the risk of stuck or sunken float switches.

Sensing Options

MicroBlue™ pump available with:

Reservoir sensor	Ducting Kit	Fascia Kit
X85-001 (HLA PACK) X85-002 (FSA PACK)	X85-507 (HLA PACK)	T18-016

Why BlueDiamond® ?

Pumps Debris

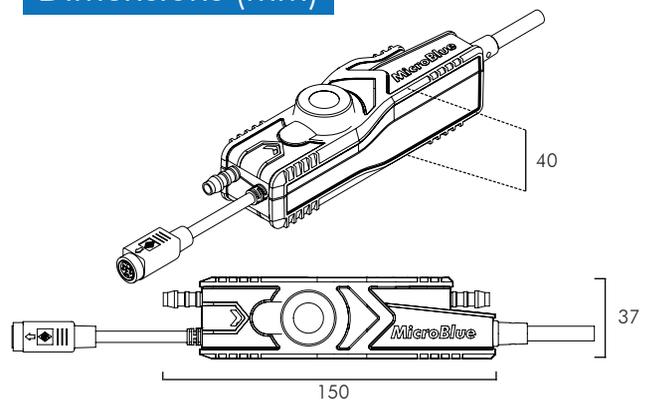

The MicroBlue™ is the only ductless pump on the market that can remove sediment/ debris with no need of filters or regular servicing intervals.

No Silencing Devices

Smooth flow rate from the MicroBlue™ eliminates the necessity for any pulsating free tubing and silencing devices.

Dimensions (mm)
