

VELOCI-TEE 3/8" VACUUM & CHARGING JUST GOT FASTER!

Leak-free operation

Protected, neat & easy to stow away

JAVAC Edge Veloci-Tee Vacuum and Charging T Valve — the ultimate solution for HVAC professionals looking to drastically improve efficiency.

Designed to be universally compatible with any vacuum pump featuring a 3/8" connection, the Veloci-Tee guarantees a leak-free operation, even under intense vacuum conditions. Its innovative, restriction-free port design reduces evacuation times significantly compared to traditional methods, saving you time and effort. Compatible with all standard refrigerants, the Veloci-Tee brings speed and efficiency to every job, ensuring a smoother and quicker service.

Restriction-free port design
