

## TurboFlow Vacuum and Charging Kit

# THE ULTIMATE BOOST IN PERFORMANCE

This gives a vacuum pump the ultimate boost in performance! The complete kit, which comes in the Veto Pro Pac® Hose Hauler bag, comes with a Veloci-Tee 3 way tee valve 3/8" FFL – 3/8" MF on the run, 2 x 3/8" x 1/4" 72" Vacuum and charging hoses plus 2 x Core removal tools all Vacuum-Rated to 20 microns.

The JAVAC EDGE TurboFlow Vacuum and Charging Kit is designed to handle all high pressure refrigerants and not to collapse or permeate under vacuum pressure. The JAVAC Core Removal Tools work with both 1/4" systems and A/C split 5/16" systems. To achieve the best, fastest and deepest vacuum we always advise to remove all cores before evacuation.

Best of all the JAVAC EDGE TurboFlow Vacuum and Charging Kit comes all neatly packaged inside a Veto Pro Pac® Hose Hauler bag. The hose hauler is a versatile storage solution that is specifically designed with HVAC-R engineers and plumbers in mind. It can store vacuum pump hoses, micron gauges,

valve core removers, adapters, a bottle of vacuum pump oil and basic hand tools needed for performing an evacuation on an HVAC system.

The hose hauler features a removable interior pouch and two removable storage dividers, allowing for customisation of the interior storage layout. The bag also features a water/oil resistant interior for easy cleaning.

# TurboFlow Vacuum and Charging Kit

VETO + JAVAC EDGE ALL IN ONE BAG

This complete charging and evacuation kit, is designed to handle all high-pressure refrigerants and not to collapse or permeate under vacuum pressure.

- Truly universal to work with any vacuum pump with a 3/8" connection
- All products are vacuum rated so no leaks can occur when in ultimate vacuum
- All products are restriction free for complete TurboFlow state
- Significantly reduce evacuation times compared to a set up with a manifold and 1/4" hoses
- Can be used on all standard refrigerants to efficiently and quickly charge HVAC systems
- All items available available to buy seperately

Description	Part No.
TurboFlow Vacuum and Charging Kit	JAV-1422

*Kit includes: 2 x JAV-1364 TurboFlow 3/8" FL to 1/4" FL black vacuum and charging hoses; 2 x EL41550 TurboFlow JAVAC core removal tools 1/4" as standard with 5/16" adaptor; 1 x JAV-1415 JAVAC Edge Veloci-Tee 3/8" Vacuum and Charge Tee; 3/8"MF on the run; 1 x AX3685 Veto Pro Pac Hose Hauler bag*

## Hose Hauler Bag (AX3685) specifications

Size mm – w/d/h	430x130x430
Weight (empty)	1.8kg
Storage/pockets	6 x pockets; 1 x removeable parts/gauges bag
Max. Payload	7kg
Internal volume	50.5L
